

Merak LED Linear Highbay

Merak LED Linear highbay is available in a variety of light distributions including medium beam fixtures and wide light distribution designs. Narrow and medium distribution LED linear high bay fixtures have a Type 1 or Type 5 light distribution. This layout is also easier to control with motion sensors. Wide distribution linear LED high bay fixtures give off a broader light distribution. The light distribution is round rather than linear, but the beam is more concentrated.

Merak LED Linear Highbay

Features:

- Medium beam fixtures and wide light distribution designs
- Heat-sink integrated design, providing excellent heat dissipation
- Solid-state construction makes for shock&vibration resistance
- Easy to install and mount with convenient hanging hook
- Lightweight aluminum alloy housing
- Anti glare, UGR<19 available
- Optional Occupancy Sensor and Emergency-kit available
- Clear Cover >150lm/w, UGR Cover >140lm/w, Frosted Cover 130 >lm/w

Materials:

- Body: Aluminum
- Cover: PC V0

Colors:

- Black
- White
- Silver Grey

Options:

- 1-10V
- DALI
